Case Management Note (SOS)

Presenting Problem:

Eva continues to experience anxiety.

Symptoms of conduct disorder continue to be described. She often violates the rules. She lies frequently.

Symptoms of mood swings continue to be described.

Eva continues to experience depression.

Recent history ;

Client has a history of reoccurring homelessness, unemployment, financial instability, substance and alcohol abuse. Struggles with extreme poverty, an adjustment disorder with anxiety and depressive like symptoms, substance abuse, post-traumatic stress disorder.

Social Support Changes:

No changes in her family or social support network have occurred.

Therapeutic intervention ;

Client was prompted to return to her mat, and quiet down for the night, well after midnight had passed. Staff reminded client that it was quiet hours, implying that it was the time for everyone to return to and remain in their designated sleeping areas until morning came, so that everyone may get a decent, proper amount of sleep, to wake again in the morning with no disturbance.

Assessment ;

BEHAVIOR:

Good medication compliance is noted. Her self care skills are impaired and she needs assistance or cues. She needs assistance with domestic tasks. She is socializing less with family and friends. Her work performance is marginal. There are signs of substance abuse problems. Her functioning in school is impaired. There have been more outbursts or expressions of anger. Impulsive behaviors are still occurring. Eva has normal food and fluid intake. Eva has not been confused.

Eva presents as flat, inattentive, minimally communicative, disheveled, over weight, and slow to respond. She exhibits speech that is normal in rate, volume, and articulation and is coherent and spontaneous. Language skills are intact. Mood presents as normal with no signs of either depression or mood elevation. There are no apparent signs of hallucinations, delusions, bizarre behaviors, or other indicators of psychotic process. Associations are intact, thinking is logical, and thought content appears appropriate. No suicidal ideas or intentions are present today.
